

BRAINERD DAILY DISPATCH.

VOLUME 5, NO. 268.

BRAINERD, MINN., TUESDAY, APRIL 17, 1906.

PRICE TWO CENTS

THREE ARE SHOT DEAD

SEVERAL OTHER PERSONS ARE WOUNDED DURING A RIOT AT WINDBER, PA.

MINERS ATTACK JAIL GUARDS

SEEK TO RELEASE IMPRISONED FRIENDS AND ARE SHOT BY THE DEPUTIES.

Johnstown, Pa., April 17.—Three men have been shot dead, a boy fatally wounded and a mining engineer, Eugene Delaney, taken to the hospital in a serious condition as a result of a riot at Windber among the striking coal miners during the evening. The place is in a state of terror, Sheriff Begley has been summoned, and an appeal has been made to Governor Pennypacker for troops. There are several others of the rioters who have sustained slight injuries.

The dead men and most of the injured are foreigners. The bodies were left in the street where they fell, the strikers refusing to allow the undertakers to remove them.

The foreign element had been celebrating Easter Monday in the mining section and much liquor had been used. The streets were thronged all day with a boisterous crowd, but no sign of trouble appeared until night. A body of strikers were assembled in front of the Windber jail discussing the mass meeting that had been held during the afternoon and which had been addressed by three Catholic priests. The discussion grew into argument and soon there was a free-for-all fight.

Deputies that had been sworn in when the strike in the coal mines was first inaugurated, made their appearance and a number of arrests were made. All of the arrested men were union men and their colleagues set up a cry that they were being discriminated against and were imposed upon.

Mob Tried to Rescue Prisoners.

The arrested men were marched to the lockup door, but there a mob had formed and an attempt was made to take the men from the officers. Forced back from the jail door and growing more violent every minute, the mob threatened the deputies until the officers fled. The mob hesitated, apparently not expecting the deputies would resort to firearms. When the smoke cleared away and the victims of the shots were viewed by the crowd, there were cries of anger and soon miners that were armed returned the shots of the deputies. The firing ceased almost as soon as it began, however, and the crowd fled away from the jail.

A state of terror exists because of the prevalence of liquor and the angered miners. There is much dynamite stored here and it is feared the strikers will resort to the explosive in revenge.

Shortly before midnight the town quieted down and the crowds began to disappear from the streets. The state constabulary had been summoned from Greensburg in the meantime and they were being rushed to Windber in a special train, but about a mile west of this city the train was held up by a freight wreck and as Windber is about twenty miles from this city, it is not expected the constabulary will reach Windber before early in the morning. Trouble is anticipated, however, when the constabulary arrives at the mines, as the foreign element is very antagonistic to the state officers.

The names of the dead men are Pietro Martini, Paul Zills, leader of the rioters, and Antonio Mazuca. The boy who was fatally wounded is Charles Fester, twelve, years old. Enginee^r Delaney was hurt by being struck on the head with a brick.

Miners Became Furious.

An eye witness of the riot said the trouble started at 5 o'clock when Deputy Sheriff William McMullen went to the mass meeting held by the striking miners in a wood at the edge of the town. Many of the miners had been drinking and the sight of the deputy made them furious. The officer was quickly surrounded by miners, who threatened to kill him. McMullen, realizing that his situation was desperate, fled for his life, finding refuge in the house of Councilman Charles Davis, which was soon surrounded by a mob of 2,000 shouting, cursing miners, who challenged McMullen to come out. When McMullen failed to appear the mob attacked the house and literally wrecked it. The deputy sheriff was roughly handled, but again managed to escape. The members of the Davis family fled to the homes of neighbors for shelter.

Other deputies who had been on guard at the property of the coal company had been notified of the trouble by this time and twenty of the rioters were landed in the lockup at

Windber. The mob, headed by Paul Zills, then planned an assault on the building with the purpose of rescuing the prisoners. A great crowd of the strikers with Zills at their head marched to the center of the town and prepared to storm the jail. The deputy sheriffs fixed bayonets to their rifles and surrounded the jail to keep it from the mob's possession if possible. At a signal the mob began to close in on the jail, shouting to the deputies to throw away their guns and give up the prisoners. The officers first tried to keep back the mob with bayonets, but the effort was ineffectual and when it became certain that the little band of deputies could not stand before the howling, infuriated mob, they opened fire. Those of the foreigners who were closest to the jail had already begun using knives in the attempt to disarm the deputies, while others flourished revolvers. The deputies fired but one volley and the foreigners broke and fled in wild disorder, leaving three of their number dead in front of the jail. The wounded who were able to walk hurried to their homes and boardinghouses, while an ambulance took the more seriously hurt to the Windber hospital.

Fears are entertained that the strikers will make another effort to free the rioters now in jail.

Late at night the bodies of the men who had been shot were removed from the streets where they had fallen to an undertaker's establishment.

Charles Foster, the twelve-year-old boy that was wounded, died at the hospital.

Word has been received from Somerset that Sheriff Begley had started for Windber to take charge of the situation.

PASSED BY THE HOUSE.

Number of Important Measures Favorably Acted Upon.

Washington, April 17.—It being "suspension day" in the house, a number of important measures were passed, notable among them being the bill permitting the withdrawal from bond, tax free, of domestic alcohol when rendered unfit for beverage or liquid medicinal uses by mixtures with suitable denaturing materials, the bill amending the national trade mark law, and the bill forbidding the importation and carriage into interstate commerce of falsely stamped articles of gold, etc.

Bills passed included one to extend the time when the coastwise shipping laws shall go into effect in the ships and another to increase the limits of loans by national banks, by allowing national banks to loan 10 per cent of their capital and 10 per cent of their surplus to any person, firm or corporation.

COURT REVIEW AMENDMENT.

Advocated by Mr. Heyburn of Idaho in a Speech in the Senate.

Washington, April 17.—A speech on the railroad rate bill by Mr. Heyburn of Idaho in advocacy of his court review amendment led to more than two hours technical debate in the senate during the day. The Indian appropriation bill was taken up for committee amendments, but was not completed and consideration of this measure will be resumed later. Mr. Tillman of South Carolina, at the opening of the session, offered a resolution providing for an inquiry by the committee on finance of contributions by national banks to campaign committees.

TWO WORKMEN KILLED.

Buried Beneath Tons of Sand and Gravel.

Minneapolis, April 17.—Caught beneath an avalanche of falling sand and gravel, George O'Neil and Neil Sanderson, two laborers employed on the Great Northern Railroad company's improvements at Clearwater Junction, were buried under tons of material, and either suffocated or crushed to death late in the afternoon.

They were working with a number of other men in an excavation made by steam shovels, when with scarcely any warning the overhanging mass of sand and gravel fell, burying the two unfortunate men under tons of material. The other workmen, who were nearer the exit, all managed to escape without injury.

Two Southerners Appointed.

Washington, April 17.—President Roosevelt has decided to appoint Charles B. Aycock, former governor of North Carolina, and Van Leer Polk of Tennessee members of the delegation from the United States to the Pan-American conference, which will meet at Rio Janerio in July.

Two Greeks Killed.

Helena, Ark., April 17.—Duding a free-for-all fight at a railroad camp near Gurley, Ark., which lasted for some hours following an Easter frolic between Greeks, Slavs and Italian laborers, two of the Greeks were killed.

Leader of Regicides Retires.

London, April 17.—Telegraphing from Belgrade, the correspondent of the Chronicle states that General Tanatzkovich, formerly minister of war in the Servian cabinet and the reputed leader of the regicides, has retired from the army.

FOUR ARRESTS MADE

ALLEGED LEADERS OF THE MOB AT SPRINGFIELD, MO., TAKEN INTO CUSTODY.

LYNCERS BECOME UNEASY

THREATS OF PROSECUTION ON CHARGE OF MURDER MAKE THEM CAUTIOUS.

Springfield, Mo., April 17.—Four men are now under arrest here charged with being leaders in the mob that broke into the county jail Saturday night and lynched three negroes. One of the alleged mob leaders is in jail and three have been released on bond. Charles Sannefax and Oney Calfry were the first men arrested. Cannefax has been a poolroom proprietor, but is at present employed in the St. Louis and San Francisco railroad yards.

Calfry is a switchman for the same road. Both have been released on bond. Dan Crane, son of D. D. Crane, a well-known saddlery merchant, was the third arrested. Crane moves in the best society here. Oat Hall, the last man arrested, is a police court character. Hall is still in jail.

Cannefax went to Sheriff Horner during the day and inquired how much damage had been done by the mob on the sheriff's property. Cannefax was informed that it would amount to \$1,000. He then said a collection would be taken up to repair the loss, but his offer was flatly refused by Sheriff Horner.

The grand jury will meet during the morning especially to indict those who were in the mob of lynchers.

Up to noon men who had been in the mob made no secret of it. They stood upon the street corners and joked each other about it, but when word came that Governor Folk had offered \$300 reward for the conviction of any member of the mob and when Roscoe Patterson, prosecuting attorney, declared openly that he intended to work for the arrest and conviction of every man concerned in the lynching, there was uneasiness. At noon it became known that twenty-five warrants charging murder in the first degree were in the hands of the sheriff. After some arrests had been made the lynchers became alarmed and left the streets.

Before dark the square was deserted and at night it was absolutely quiet.

Around the jail are camped 200 soldiers with guards out at every point so that none can get near the jail. When Cannefax was arrested it was discovered that he was a special police officer sworn in Sunday to help keep the peace here. He had a revolver in his pocket.

It is expected that the grand jury will indict at least fifty and perhaps one hundred men.

YOUTH SHOOTS A NEGRO.

Tragedy Adds to the Excitement at Springfield, Mo.

Springfield, Mo., April 17.—Leslie Peters, sixteen years old, shot and killed one of two negroes who attacked him in this city during the evening while he was escorting a young lady home from a party. The negroes accosted him at the gate of the young lady's home and one of the negroes fired two shots from a revolver at him, but neither shot took effect. Peters immediately fired four shots at the negroes, killing one of them, and the other escaped. The dead negro is Ralph Burns. Peters went to the police station and gave himself up, but was released without bond.

The news of the killing of another negro spread like wildfire throughout the city and hundreds of people left their beds and hastened to the public square. The militia on guard there prevented any violent outbreaks and after a time dispersed the crowds and no further trouble is feared, though it is believed that the latest killing will tend to increase the feeling against the negroes. People who had been disposed to sympathize with the negroes are incensed at this latest negro assault.

A squad of militia was detailed to guard the home of the young lady whom Peters was escorting when he was attacked.

Three Firemen Injured.

Chicago, April 17.—Three firemen were seriously injured and nearly a score more were bruised and burned when the roof of a burning building on West North avenue fell during the evening. The men were precipitated into the midst of flames on the fourth floor, from which they escaped by sliding down leads of hose to the ground.

QUIET REIGNS IN RUSSIA.

No Anti-Jewish Disturbances Likely to Occur.

Washington, April 17.—The state department has been in cable communication with Ambassador Meyer at St. Petersburg relative to the possibility of anti-Jewish disturbances on a great scale in Russia. The fact that the lower classes of peasants and laborers are at this season wrought up into a pitch of religious excitement approaching fanaticism, which feeling intensified as the Russian Easter drew near, caused great apprehension among the Jews in this country that there would be a repetition of the Kishineff massacres of last year.

These fears were communicated to the state department and Secretary Root interested himself in the matter to the extent of calling upon Mr. Meyer for a statement as to the probabilities. He has received the most positive assurance that every precaution has been adopted by the Russian government to prevent an anti-Jewish uprising and all the reports in hand indicate that such an uprising is no longer to be feared. Not only the governors of provinces but subordinate officials down to municipal commanders and mayors have been officially informed that they would be held personally responsible for the safety of the Jews in their charge and it is believed that these measures will prove effectual.

MAXIM GORKY'S RECEPTION.

Giving the Russian Government Considerable Concern.

St. Petersburg, April 17.—Maxim Gorky's reception in the United States is giving the Russian government considerable concern. A high official here during the day made the following statement:

"In listening to Gorky the American people should understand that he is not a liberal nor a reformer, but a revolutionist pure and simple. He is certainly a writer of talent, perhaps even a genius, and much that he says regarding the conditions in Russia doubtless is true; but it should be made clear that his object is not reform, but revolution. Mme. Andreieva, who accompanied him, is not his wife. She is also a revolutionist, and M. Morosoff, one of Moscow's merchant princes, gave her \$1,500,000 for the revolutionary cause. When the government last summer secured proof of this fact he was given twenty-four hours to leave Russia or stand trial here. He fled to Paris, where he committed suicide."

The news of the killing of another negro spread like wildfire throughout the city and hundreds of people left their beds and hastened to the public square. The militia on guard there prevented any violent outbreaks and after a time dispersed the crowds and no further trouble is feared, though it is believed that the latest killing will tend to increase the feeling against the negroes. People who had been disposed to sympathize with the negroes are incensed at this latest negro assault.

Three Firemen Injured.

Willemstad, Island of Curacao, April 17.—Passengers arriving here during the day from Venezuela say that the action of General Castro in retiring from the presidency in favor of Vice President Gomez is not clearly understood in Venezuela, but the general opinion seems to be that his retirement is only temporary. General Castro has gone away as a private person, unattended and paying the regular fare on the railroad. His wife has gone another way and the former president's sister arrived here during the

day. The resignation of the Venezuelan cabinet is also causing speculation. The ministers retired when Castro gave up the reins of power, but Gomez has not appointed a new cabinet and therefore the old ministers have retained their portfolios.

On the other hand Castro's followers are scattering, leaving the capital in different ways. At Caracas the political atmosphere has completely changed, as is apparent on all countenances.

LINEMEN ON STRIKE.

Southern Bell Telephone Company Employees Quit Work.

Atlanta, Ga., April 17.—The strike of the Southern Bell Telephone and Telegraph linemen, which has been rumored for some time, was inaugurated during the day. It is understood that only the linemen are involved in the strike. The statements as to the number who actually quit work vary, Colonel W. T. Gentry, vice president of the company, declaring that only about 400 of the 1,000 men employed in the territory affected are out, while Dale Smith of Washington, president of district councils 1 and 2, International Brotherhood of Electrical Workers, asserted that 80 per cent of the 1,200 to 1,400 men in the territory are out.

The linemen state their claims to be a nine-hour day, time and a half for overtime, double time for Sundays and holidays and increase in wages for linemen, apprentices and instrument men. Mr. Smith said that negotiations for adjusting these matters have been under way for more than a year.

ANTI-PERJURY BILL.

Insurance Measure Passes New York State Senate.

Albany, N. Y., April 17.—The senate during the evening passed the so-called anti-perjury bill, proposed by the insurance investigating committee, the vote being ayes 28, nays 16.

The bill has passed the assembly once, but having been amended by the senate, must return to the lower house for concurrence.

The senate has still to act upon the "big bill," generally amending the insurance law.

GERONIMO CRITICALLY ILL.

Lawton, O. T., April 17.—Geronimo, the chief of the Apache tribe of Indians, is critically ill at his home on Fort Sill military reservation, and the tribe has decided that he can last but a few days.

MYSTIFIES VENEZUELAN.

Castro's Retirement Not Clearly Understood by Them.

Manila, April 17.—The headquarters of the Philippine constabulary at Malolos, Island of Luzon, were attacked several days ago by a band of ladrones. Three native members of the constabulary and one ladron were killed. The affair creates no alarm here, where it is regarded as merely an incident of the effort to establish order in the islands through the employment of a native constabulary. Similar conflicts between local outlaw bands are of more or less frequent occurrence.

ATTACKED BY LADRONES.

Three Members of the Philippine Constabulary Killed.

The Zimmerman sank at once in twenty feet of water on the Canadian side of the river. The crew are safe. The Saxona continued on down the river as far as Little Mud lake, where she filled and sank on the west side of the river. Before going to the bottom the Saxona swung around and now lies with her bow pointing up stream. The channel is not blocked by the accident. The Saxona was bound down from Duluth with a valuable cargo of flaxseed. The Zimmerman was taking a load of coal to Lake Superior.

Both steamers are among the highest class of lake craft and the loss to the insurance companies having risks on hulls and cargoes will be heavy.

CURE DEFEATS SCHAEFER.

French Billiardist Wins Game With Chicago Expert.

New York, April 17.—Louis Cure of Paris defeated Jacob Schaefer of Chicago in the thirteenth game of the world's championship tournament during the evening by a score of 500 to 280. This result, attained in the twenty-fourth inning, was somewhat of a surprise. In the second and thirteenth innings Schaefer made 95 and 119 respectively, with all his old-time force and freedom of stroke, but he had several poor innings in between, and from the fifteenth to the final inning he got into double figures only once.

Weather

Forecast—Clear and colder.

The attack of Charles A. Towne on President Roosevelt in which he compares him to Judas Iscariot in his recent Kansas speech has lowered him in the estimation of the people who heretofore held a good opinion of the former Minnesotan.

J. F. JACOBSON, the Lac qui Parle statesman, has finally broken the silence and announces that his name will be presented to the republican state convention and that if he is nominated for governor he will make the best fight he knows how to lead the party to success. His platform will be his past public record which he and his friends consider good enough for any candidate to stand upon.

C. A. LINDBERGH, of Little Falls, will enter the congressional race in this district and his formal announcement will be made this week, according to a state-

ment in the Little Falls Transcript. Mr. Lindbergh is well and favorably known throughout the district and his determination to try conclusions with Congressman Buckman for the republican nomination will make a battle royal at the primaries, especially in Morrison county where both aspirants for the honor live.

The people of Crookston are booming Senator A. D. Stephens for governor and have formed a "Stephen Club." It will not be a favorite son convention that will be held in Duluth, but one to place in nomination a candidate for governor who will be able to give the state a good, clean business administration and on whom the entire republican party of Minnesota can unite and elect. Unquestionably more unstruck delegations will be elected to attend the coming republican state convention than ever before in the history of the party in Minnesota.

BENJAMIN E. HOWE DEAD

Body Brought Here Today from Donnybrook, N. D., for Burial in Evergreen Cemetery

Mrs. E. L. Howe arrived here today with the body of her son, Benjamin E. Howe, who died in Donnybrook, N. D., Sunday morning, April 15, at 2:15 o'clock, of lung trouble. The deceased was only 20 years old and had been sick for about a year. He was born at St. Thomas, N. D., and came to Brainerd with his parents when he was about three years old, remaining here until about four years ago, when he returned to Dakota to live. He was a young man of a kind disposition and a great favorite with all, and one who will be sadly missed. The funeral will be at 2:30 o'clock tomorrow afternoon from the residence of Chas. Krech and at 3 o'clock from the M. E. church.

What renders his death especially hard for his relatives to bear is the fact that his brother, George, died and the body was brought here about two months ago and is still in the vault at Evergreen cemetery. The father, E. L. Howe, died about a year and a half ago, and with two other sons, Edward and Lewell, is buried in Evergreen cemetery. A sister, Mrs. John McKay, is lying at her home in the Imperial block very low with consumption.

There survive to mourn him, besides his mother, one brother, Arthur Howe, and three sisters, Mrs. Chas. Krech, Mrs. John McKay and Miss Mabel Howe.

Most disfiguring skin eruptions, scrofula, pimples, rashes, etc., are due to impure blood. Burdock Blood Bitters is a cleansing blood tonic. Makes you clear-eyed, clear-brained, clear-skinned.

ROWLEY GETS JOB

Brainerd Contractor Gets Contract for a Large Catholic Church at Aitkin

C. B. Rowley received word yesterday that he had been awarded the contract for the construction of the new Catholic church at Aitkin. The amount of his bid was \$14,980. The nearest to his was that of a St. Paul contractor who was only \$45 higher. This does not include the heating plant, for which the contract has not been let yet. Mr. Rowley's many friends here are congratulating him on his success in landing the contract and hope he may make good money on it.

RAILROAD NEWSItems of Interest Regarding Railroads
and Railroad Employees

The general offices of the Minnesota & International have received advance bulletins of the new time card to go into effect on the Northern Pacific the 20th of May. It makes no mention of service north from here. The connections on the trains already running will remain practically the same as heretofore.

A company has been formed to build an air-line electric railway between New York and Chicago. It is claimed that the new line will be 200 miles shorter than any present route and the trains will run an average of 75 miles an hour. It will be about five years, according to the promoters, before the line is in operation.

Cleon White, who is employed in the air brake department at the shops, is laid up with an ulcerated tooth.

Edward McClary, the popular boiler maker, leaves tonight for Philadelphia and rumor has it that he will not return alone. About fifteen of his friends among the railroad boys gave him a sock shower last night and the future Mrs. McClary will be spared the drudgery of darning socks for some time to come. Refreshments were served, games played and a very pleasant time enjoyed by those present.

The local freight on the M. & I. yesterday broke a valve on the compound engine and had to come in under one set of cylinders. She arrived here about two o'clock this morning. The breakdown occurred at Nary.

Supt. Strachan went north in his private car this afternoon.

A Lucky Postmistress

ASS'T FIRE CHIEF CONFIRMED

Much Routine Business Also Transacted by the City Fathers Last Night

The most important business transacted at the council meeting Monday night was the passing of a motion providing for the macadamizing of Kindred street. Everything was harmonious at the meeting and all went merry as a marriage bell.

When President Johnson called the city fathers to order Monday evening all members were present except Alderman Armstrong.

The appointment of Mike Hanson as first assistant chief of the fire department was on motion unanimously confirmed.

The matter of open stairways on the street was taken up and on motion the mayor was requested to enforce section 22 of ordinance No. 98.

The question of repairs and condemnation of sidewalks and repairs of holes in streets was brought up and the street committee and street commissioner were instructed to examine all walks, condemn those that were dangerous and repair all that could be repaired, to fill all dangerous holes in the streets.

Alderman Twohey again asked as to the scope of the report to be made by Supt. Peterson on the electric light commission.

Alderman Squires stated that the sewer committee had examined the catch basin on south Sixth street, near the city scales, and there seemed to be nothing the matter with it. Street commissioner Weitzel stated that he had flushed that sewer and that he thought that no offensive odors came from the sewer since flushing.

The matter of a catch basin at the corner of 5th and Kingwood streets was referred to the sewer committee and the city engineer with instructions to report at next meeting.

Alderman Twohey brought up the matter of the ordinance recently passed regarding fire escapes. The subject was left for the present in the hands of the building inspector.

A petition from property owners for a lateral sewer through blocks 160, 168, 170, 192, 194 and 196 was referred to the city engineer.

A petition was read from property owners on Broadway and Kingwood asking that Broadway be macadamized from the railroad track to Kingwood street and Kingwood street from Broadway to the Kindred street bridge. The petition asked that the roadway be 40 feet wide and the curb be of cement. A motion was passed in accordance therewith and the city engineer will make a report and estimate thereon at next meeting.

City Attorney Mantor stated that he had looked up the water works franchise and that it expired in 1908.

Fire Chief Johnson asked that two lanterns be bought for the fire wagons. Request was granted.

A resolution was passed fixing the pay of the city assessor at \$600 was unanimously carried.

FINGERS TAKEN OFF

O. S. Campbell Loses Fingers on Left Hand in Lath Mill Near Pequot

Yesterday

O. S. Campbell, a young man employed in a lath mill near Pequot had three fingers on his left hand taken off by a saw late yesterday. He was brought to this city on the M. & I. local freight last night and taken to St. Joseph's hospital where his hand was dressed. Almost the entire index finger of the left hand was taken off and portions of the others, only a tip of the little finger being injured.

A YEAR OF INTENSE SUFFERING

Mrs. Carrie Askey, Cumberland, Wyoming, had a sore throat and tickling in her throat that kept her coughing night after night. She used Dr. Warner's White Wine of Tar and has not lost a night's sleep since. Write her.

MUSIC AND DRAMA.

AL. G. FIELD'S TONIGHT.

The ensemble and vocal numbers of the Al. G. Field Greater Minstrels, which will be presented at the opera house tonight. Besides several new selections there are two or three old time songs which are dear to the heart of every one. Some in the list are:

Nellie Dean, In Dear Old Georgia, When the Bees are in the Hive, When my Sweetheart Mary Whispered Yes. A Message from Home Sweet Home, Sally Ann, Hallelujah! Shouted Parson Jones, Gimme de Leavins, In a Birch Canoe, Bessie of Dundee, and The Pumpkin Man. Reese V. Prosser, America's sweetest tenor, is with the Field minstrels. The acme of the evening's entertainment is "Bessie of Dundee" rendered by Mr. Prosser in a scene of the "Dances of the Nations" showing a sunset in the hills of Ayreshire, Scotland. The sketch shows Bobby Burn's cottage on the river Doone set among the picturesquely Highland hills. In the variegated dress of Scotland, silhouetted against the atmospheric little picture, Mr. Prosser is said to deliver the song effectively. He is assisted by the full chorus.

**

One of the most brilliant numbers on the program to be rendered Wednesday evening by Mr. Harry E. Phillips, is the "Two Grenadiers." This piece is a description of an incident during the time of Napoleon. Two French soldiers are languishing in a Russian prison. They are bewailing their lots, each one stating potent reasons why he should be out and doing. One says that he has a wife and young child anxiously awaiting his return in France, and that he must in some way make his escape. Then their mood changes and they become filled with the idea of patriotism and both declare that they are doing no more than their duty, viz: to fight or if necessary to die for their emperor. The piece closes with the singing of the "Marseillaise" their national song. This is but one of the many beautiful numbers to be given by Mr. Phillips. The following is the complete program:

I.
(a) Honor and Arms.....Haendel
(b) Darling My Own.....Giordani
(c) The Pipes of Pan.....Elgar

II.
(a) Widmung.....Schumann
(b) Der Wanderer.....Schubert
(c) Die Zwei.....Schumann
(d) Evening Star (from Tannhauser).....Wagner

(e) The Monk.....Meyerbeer
(f) Who Knows?.....Heinrich
(g) Pirates Song.....Gilbert
Words from "Treasure Island".....Stevenson

III.
(a) Hills of Skye.....Harris
(b) "Two Songs of the Hill"....Ronald
Away on the Hill there Runs
a Stream
A Little Winding Road

(c) Lady Moon.....Bruhns
(d) Denny's Daughter.....Huhn
(e) My Love Nell.....Fox
(f) When the Land was White with
Moonlight.....Nevins
(g) The Torreador (from Carmen).....Bizet

Tickets for the recital are 50 cents each and may be procured from any member of the Musical Club.

Itching piles provoke profanity, but profanity won't cure them. Doan's Ointment cures itching, bleeding or protruding piles after years of suffering. At any drug store.

I have over 200 acres of land on Kindred street east of N. P. shops adjoining city with a spring brook running through it. I will lease the same to be used as pasture during the coming summer.

Fire Boys Have Been Called Out

Twice Since Five O'clock

Last Night

HOME OF M. J. REIS DAMAGED

Badly Deluged with Water and

Roof Ruined by Fire This

Afternoon

For the first time in several months the fire boys were called out twice in less than twenty-four hours. Shortly before six o'clock yesterday afternoon an alarm was turned in because of a small blaze in the grass in the park.

Today shortly after one o'clock the department was called to the residence of M. J. Reis, at the corner of 13th and Maple streets. The fire seemed to have started in the second story of the attic and was only put out after the building had been flooded with water and the plaster and furniture ruined. Off hand estimates of the loss are in the neighborhood of \$400.

Hose Company No. 4 was on the ground first and had the blaze well under control when the boys from this side got there.

BOTH WERE CURED.

Mrs. Bartlett, Cumberland, Wyo., says: "My oldest daughter suffered months with a severe cough. My baby had the croup. After trying many remedies, we used Warner's White Wine of Tar. Both are cured."

Human Blood Marks.

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant of Bac, Ky. He writes: "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures hemorrhages, chronic coughs, settled colds and bronchitis, and is the only known cure for weak lungs. Every bottle guaranteed by H. P. Dunn & Co., druggists, Brainerd, Minn. 50c and \$1.00. Trial bottle free.

SPRING CATARRH

H. P. Dunn & Co. Sell Hyomei Under Guarantee to Cure.

The changeable weather of spring is directly responsible for the prevalence of catarrhal troubles in Brainerd at the present time.

As a result, H. P. Dunn & Co. have had a larger sale for Hyomei the past week than ever before in the years that they have handled this reliable treatment for the cure of catarrh.

If there is a single catarrhal germ in the system, Hyomei will search it out and absolutely destroy it, completely eradicating the trouble. The remedy has made so many cures among H. P. Dunn & Co.'s customers that they offer to pay for it themselves if it does not benefit even the worst case of catarrh.

The complete outfit costs only \$1, consisting of an inhaler, medicine dropper, and a bottle of Hyomei, while extra bottles of Hyomei can be obtained for 50 cents. There will not be even this small expense if Hyomei does not cure, as H. P. Dunn & Co. will return your money.

PRESENT ULTIMATUM

GENERAL OVERSEER VOLIVA AND HIS FOLLOWERS SUBMIT TERMS TO DOWIE.

TO END THE CONTROVERSY

PROPOSED THAT A COMMITTEE BE APPOINTED TO SETTLE THE DIFFICULTY.

Chicago, April 17.—General Overseer Wilbur Glen Voliva and his followers during the day presented an ultimatum to John Alexander Dowie at a conference of the opposing forces. Through their attorney, Jacob Newman, the following terms have been proposed:

"You are to appoint a committee of four or eight members by which this entire matter is to be settled. Two members of this committee shall be appointed by the advocates of the cause of Dowie, two shall represent Voliva. In case that the committee shall consist of eight members, each side will have the appointment of four. Should there be a disagreement in either case a fifth or ninth committee man shall be appointed by General Overseer Voliva. It is further provided that all property belonging to the Christian Catholic church shall be transferred to this board of arbitration and that their judgment as to whether Voliva or Dowie shall control the same will be final."

The ultimatum was taken under advisement by Dowie and his advisors.

Attorney Emil C. Wetten, representing Dowie's interests, had the following to say:

"John Alexander Dowie will never consent to a sacrifice of the ecclesiastical power attendant to Zion City."

Mr. Newman, representing Voliva, said:

Dowie Owns Some Property.

"We are willing to concede that Dr. Dowie has an indisputable right to 5 per cent of the property owned by the Christian Catholic church, but we demand that conferences between the Dowie faction and the followers of Voliva be held and that Dowie sign an agreement whereby he relinquishes all claims to the property in question in consideration of the fact that he is vested in the sole proprietorship of 5 per cent thereof."

Attorney Wetten, representing Dr. Dowie, demanded that all statements printed in the last issue of "Leaves of Healing," the official paper of Zion, be designated as slanderous and improper. He thereupon telephoned to the postmaster at Zion City informing him that if he received any number of the "Leaves of Healing" and permitted them to be passed through the mails, he would be amenable to the law.

Mr. Wetten then telephoned to Postmaster General Cortelyou advising him of the situation and asking him to deliver a ruling upon the point at issue.

Attorney Wetten claims that to send the last issue of "The Leaves of Healing" through the mails is an offense against the United States government, inasmuch as it contains statements derogatory to the moral character of Dowie. Both sides are now awaiting a ruling of the United States postal department on the subject.

BROTHERS IN FATAL FIGHT.

One Killed and the Other Fatally Wounded.

Duluth, April 17.—A tragedy in which the result will be the murder of two brothers by each other shocked Hibbing at night. Near the Morris mine location Steve Buckovitch shot and killed his brother Marco after the latter had inflicted what is almost certain to be a mortal knife wound on him. Steve is in the hospital, but is not expected to live.

There were five of the Buckovitch brothers. They lived in a shanty and worked in the mines. They also kept thirty-six boarders. The brothers and their boarders are all Austrians. While Steve was at work Marco accepted a couple of more boarders, and when Steve returned he objected, as he thought they had all the boarders they could accommodate.

Protests led to hot words and then blows. Marco stabbed his brother through the lung and twisted the blade before withdrawing it. Steve fell back on a bed and then calling Marco to him, shot Marco in the heart, killing him instantly.

SHOOTS AND KILLS HIS WIFE.

Kentuckian Then Makes a Futile Attempt to End His Own Life.

Portsmouth, O., April 17.—At Limeville, Ky., ten miles east of here, Thomas McNeal, aged twenty, shot his wife, Ella McNeal, aged eighteen, through the heart, then fired at but missed her mother and after fleeing to the hills, shot himself through the breast, but was not dangerously wounded. The wife died instantly.

PASSENGER TRAIN WRECKED.

Cincinnati, April 17.—Passenger train No. 5 on the Louisville and Nashville railway was wrecked at Verona Station, Ky., twenty-six miles south of Cincinnati, during the afternoon. Engineer John Grady of Louisville was killed, and Fireman H. F. B. Dunaway of Covington was seriously injured. None of the passengers was injured.

LIEUTENANT GRAEME DEAD.
Death List on Battleship Kearsarge Increased to Seven.

Washington, April 16.—The navy department during the day received a telegram from Admiral Brownson reporting that Lieutenant Joseph W. Graeme, gun umpire, who was injured in the explosion aboard the battleship Kearsarge in Cuban waters Friday, is dead; that the condition of William King, ordinary seaman, and Frederick T. Fisher, chief gunner's mate, is grave and that all the others injured in the disaster are doing well.

The death of Lieutenant Graeme, which the dispatch says occurred Saturday, increases the death list from the Kearsarge disaster to seven.

Acting Secretary of the Navy Newberry received a dispatch from the father of Lieutenant Graeme and in accordance with his wishes and those of the family of Lieutenant John M. Hudgins, the other officer killed, the bodies will be sent to this country on the first available vessel. Similar action will be taken regarding the bodies of the seamen killed, if their families so desire. It is expected that the fleet will finish target practice this week. Most of the vessels will start north to New York or other ports. The armored cruiser Maryland and the West Virginia, the flagship of the armored cruiser squadron, have completed their practice.
